

Your Majesty,

My name is Kseniya Hvozdyak. I am 8 years old. I have arthrogryposis multiplex congenita (AMC) of wrist, hip, knee and ankle joints. I am a student of The Dzherelo Children's Rehabilitation Centre in Lviv, Ukraine. I have different classes there.

Last year during one of my English classes my teacher brought me a Pop-up book about The Royal family and an issue of "Hello" magazine on Royal wedding. I liked it a lot. This is how I have got acquainted with the members of Your family and since that day my dream is to meet You, Ma'am, in person. I believe dreams come true!

Sincerely, Kseniya Hvosdyak
